## **Introduction to the Archives**

The Provincial Archives of New Brunswick (PANB) was established in 1967 to provide for the care, custody and control of the documentary heritage of the Province. The collection encompasses government records and private collections including textual records, photographs, maps, architectural plans, audio-visual material, digital files, microfilms, and published volumes.

This guide is designed as a starting point for those who wish to use PANB resources, either in person or by distance, for family history research. We strongly encourage researchers to come to the Archives to conduct their search in person. Visitors to PANB can access additional finding aids and indexes in our reference room, many of which are not noted in this guide, including genealogical research collections that can only be accessed on site.

## **Research, Interlibrary Loan & Copy Services**

If unable to come to the Archives, researchers may submit a written or telephone request for specific documents and the staff at PANB will conduct a brief search. Precise questions have the best chance of being answered fully. The volume of inquiries and the intricacies of family history research preclude extensive research or photocopying by staff.

Many of the records of particular value to the family historian have been microfilmed and are available through an interlibrary loan program. You may order up to three films at a time through your local library.

It should be emphasized that many government documents as well as most of our over 4000 private manuscript collections have not been microfilmed or digitized and must be used at PANB. For a fee, Archives staff may make copies of records. For a list of our reproduction fees, contact us via telephone (506-453-2122) or e-mail ([ArchivesNB@qnb.ca](mailto:ArchivesNB@qnb.ca)).

## **Development of Kings County**

When New Brunswick was established in 1784 it was divided into eight counties. As the population grew the original counties were divided and new counties set up. The final complement is 15. These counties are subdivided into civil parishes.

Kings County was one of the original eight counties established in 1785. It is bounded on the north by Queens County, on the south by St. John County, on the west by Charlotte County, and on the east by Albert and Westmorland Counties. Civil parishes were created as follows:

1795: Greenwich, Norton and Hampton were set off from Sussex and Kingston

1835: Upham was set off from Hampton

1840: Studholm was set off from Sussex

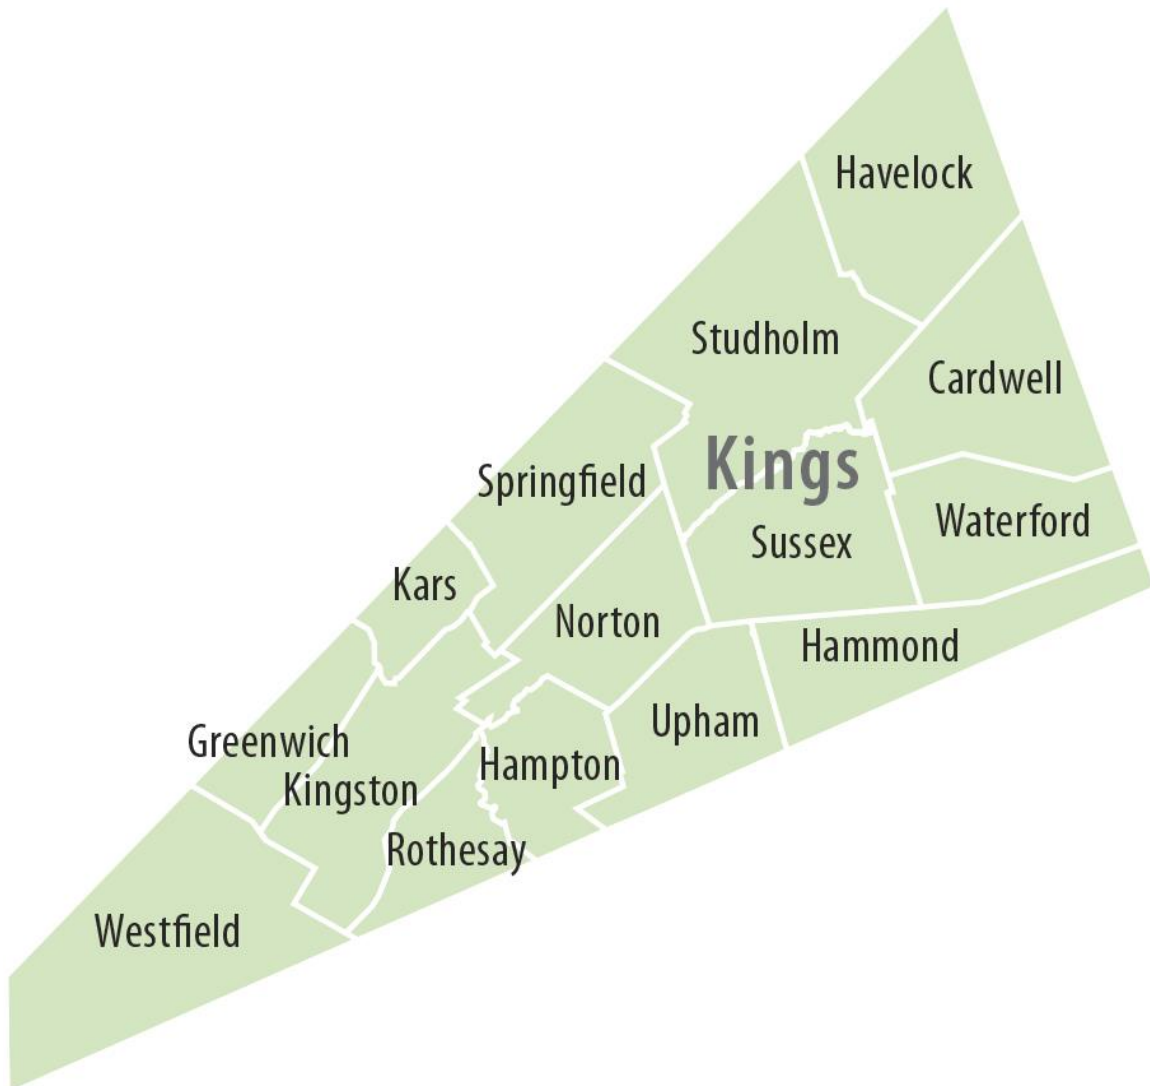

1858: Havelock was set off from Studholm

## **1. Guide to Family Histories and the Provincial Archives (available online)**

The *Guide to Family Histories at the Provincial Archives* was created to enhance access to family histories found in a multitude of sources at PANB. Items referenced vary in volume from a few lines in a book to entire genealogical collections.

The index can be found online at:

<http://archives.gnb.ca/ResearchTools/GuideToFamilyHistories>

## **2. Census Returns (available online)**

Parts of the 1851 and 1861 census are incomplete. Those for 1871, 1881, 1891 and 1901 are more comprehensive. The records contain the names, ages, relationships, occupations, and religion of New Brunswick residents. They may also include ethnicity, nationality, entry date into the colony (1851) and other data.

Many census records have been digitized and searchable databases are available through the Library and Archives Canada (LAC) website: [www.bac-lac.gc.ca](http://www.bac-lac.gc.ca). The 1911, 1921 and 1931 census records have also been released and are available and searchable on various websites in addition to LAC. PANB does not hold microfilm copies of these records.

Census records on microfilm cannot be borrowed from PANB; however, the Associates of the Provincial Archives have various transcripts of records available for purchase.

Please visit [www.archives.gnb.ca/Associates](http://www.archives.gnb.ca/Associates) for a complete list of publications for sale or call (506) 453-2122.

## **3. Vital Statistics**

Although some pre-1888 records of births and deaths exist, they were not required to be kept by law until 1888. Prior to 1888, each county council kept records of marriages. Please note that pre-1920 vital statistics are not comprehensive because even though it was law to keep records, recordkeeping was not enforced until that time. Post 1930 the province added a process of late birth registration. These are births that were not recorded contemporary to the birth but later using witness verification. They are recorded for the year in which the birth occurred.

In New Brunswick, official records of birth are restricted for 95 years and official records of marriages and deaths are restricted for 50 years. The Archives updates the vital statistics database on the website as soon as possible after new records are released.

If you require records which are still restricted, please contact Vital Statistics by visiting [www.snb.ca](http://www.snb.ca) or phoning (506) 453-2385, 1-888-762-8600 (within North America) or 1 (506) 684-7901 (outside North America).

### 3. Vital Statistics, continued

The Associates of the Provincial Archives have various transcripts of vital statistics available for purchase, but these are mainly pre-1888 marriage indices. Please visit [www.archives.gnb.ca/Associates](http://www.archives.gnb.ca/Associates) or call (506) 453-2122 for a complete list of publications for sale.

#### Early County Marriage Records (RS151)

Marriage registers contain information from marriage certificates filed with the registrar. They list the names of the bride and groom, their respective residences, and the names of officiating clergy and witnesses. Entries do not give the parents' names.

#### **Marriage Bonds (RS551A)**

Marriage bonds, known administratively as performance bonds, were required when banns were not read, or the clergyman did not know both parties. They include the names of the bride and groom and the name of the groom's bondsman. Rarely are the names of parents given. This series of documents cover the entire province for the period 1810 to 1932, but is not complete. County marriage registers should be consulted first and then consult the marriage bonds.

#### **Provincial Secretary Marriage Licenses (RS14E)**

The Provincial Secretary was responsible for the administration of the distribution and authority to issue marriage licenses for New Brunswick. The Provincial Secretary marriage licenses cover the years 1843-1906 and 1932-1944. In addition to the licenses themselves, some marriage license files include signed affidavits from third parties, partially completed official notices of marriage, or related correspondence. There are two marriage licenses for Kings County for the years 1891 and 1932.

#### **Reverend Charles William Bryden fonds (MC1177)**

This fonds includes Charles William Bryden's personal diary, dating from January 7 – December 26, 1881. This diary documents where he went (Albert, Kings, and Westmorland counties), as well as his professional activities, including baptisms and burials.

#### **Index to Death Registration of Soldiers, 1941-1947 (RS141C6) (available online)**

Although it is not the responsibility of Vital Statistics in New Brunswick to register births, marriages, or deaths which occur outside of the province, these "Certificates of Registration of Death" were placed on file to record the deaths of New Brunswick-born World War II soldiers.

This index is not all-inclusive, and include a handful of non-Brunswickers (Americans and soldiers from other provinces). The certificates include date of birth, father's name and birthplace, mother's maiden name and birthplace, and cause of death.

The microfilm (F20079) includes both the Index compiled by PANB and the certificates in alphabetical order by year.

#### **New Brunswick Cemeteries**

This database is the result of a pilot project put together by volunteer members of the New Brunswick Genealogical Society. The goal was to create a searchable database and provide online access. PANB was a partner in the project.

### **3. Vital Statistics, continued**

#### **New Brunswick Cemeteries, continued**

The information provided in this database was transcribed from existing gravestones. Transcriptions may exist for grave markers which no longer stand. As well, the data presented is a transcription – no extrapolations, conjectures or guesses have been made regarding relationships between names on the stones unless the relationship was stated.

Please visit [www.archives.gnb.ca](http://www.archives.gnb.ca) to search the online database.

#### **Havelock Funeral Home Collection (MC1454)**

This is the Register of Funerals for the Hicks Funeral Home of Havelock, New Brunswick (1930 – 1963). It lists the name, age, cause of death, date of death, date of burial, casket type and size, and the name of the person who ordered the funeral. It also includes a journal of deaths kept by Mrs. Arthur Hicks (1921 – 1930).

#### **Wallace Funeral Home Ltd. Collection (MC2314)**

These records include the ledgers of the funeral home (1893 – 1946), financial records, death registrations and income tax records.

### **4. Land Records**

#### **Land Petitions (RS108) (index available online)**

These are requests submitted to government by those seeking land grants. The records cover the years from 1783 to 1918 and sometimes provide the name, age, origin, marital status, number of children, location and amount of land requested by the petitioner and at times additional biographical data. The likelihood of finding petitions with such detailed personal information tends to be higher for records pre-dating 1840. An index of some 67,000 names can be searched on our website ([www.archives.gnb.ca](http://www.archives.gnb.ca)) or can be viewed on microfilm F13763. Please note that at times people petitioned as a group. In such cases the land petition is filed under the name of the first petitioner, but the online index includes all names.

#### **Land Petitions: Current Series (RS272)**

These petitions cover the years from 1832 to 1987. The series is "current" in that the Department of Natural Resources continues to add to it. The documents contain very little biographical data. The index is available on microfilm (F16741) and can be borrowed through inter library loan.

## 4. Land Records, continued

### Land Grants (RS686) (index available online)

The land grant books form the official land records kept by the New Brunswick government. Beginning in 1784, those who had been granted land under the Nova Scotia government between 1765 and 1784 were required to re-register their grants in New Brunswick. These documents describe the metes and bounds (boundaries) of granted lands. The name of the grantee is provided but no other biographical information is given.

### Registry Office Records (RS89)

Kings County Registry Office Records cover the years 1785-1992 and include copies of deeds, leases, mortgages, liens, and other land transactions. A number of wills (those which transfer title of land) are also found in this series. There is a multi-reel grantor-grantee index at the Archives. Microfilm numbers can be requested from PANB.

### Service New Brunswick (SNB) Land Registry Office Records

It is also possible to search land registry office records using the SNB Registry Office Records database.

For more information on these services and associated fees, visit <https://www2.snb.ca/content/snb/en/sites/land-registry.html>.

## 5. Immigration Records

### Passenger Lists (RS23) (available online)

A small number of passenger lists for immigrant ships coming to the province in 1816, 1833, 1834, 1837 and 1838 have survived. The records are available on microfilms F9798 and F9799. The index of passengers and crews (F17834) contains about 10,000 names. The ship crews are included because some immigrants worked their passage. Each entry gives a passenger's surname and given name, passenger number, name of the ship and an archival reference number.

*Note: Passengers to New Brunswick: The Customs House Records; 1833, 1834, 1837, 1838, Johnson, Daniel F., 1887 (MC80/1263) is available for reference at the Provincial Archives.*

## 6. Court Records

### Probate Court Records (RS66)

Probate is the legal validating of a will or settling of an estate if no will exists. It empowers the executor to act on behalf of the deceased to disburse the assets of the estate. Prior to 1984,

each county in the province had a court of probate. Following legislation passed in 1983, the province was divided into nine (9) judicial districts for the purpose of probate. Kings County probate records after 1984 are included in the records of the Saint John Judicial District: Probate Court (RS744).

#### Probate Court Files

These may include some of the following documents: wills, petitions, affidavits letters testamentary, letters of administration, inventories, bonds, renunciations, correspondence, and other items. Researchers should first consult the indexes to the probate files and the probate books and then order from the films listed below. Kings County Probate Court files covering the years 1786-1931 are on microfilm, while post-1931 files are available at PANB only.

### Court of Equity Records: Original Jurisdiction (RS55)

These records cover the years 1785 to 1912 and deal with a variety of legal matters including the settling of estates and the guardianship of infants. Neither case files nor an index is available on microfilm therefore these records must be used on site at PANB.

## 7. Education Records

### Teachers' Petitions and Licenses (RS655) (index available online)

This series covers the whole province and contains requests by teachers for licenses from 1812 to 1882. Documents give data such as name, birthplace, education, teaching experience, church affiliation, and samples of handwriting. Also attached may be certificates and letters from local school trustees and clergymen testifying to the teaching ability of the petitioner and his or her moral and religious character. The documents are arranged chronologically and then alphabetically by the name of the petitioner. The index should be consulted first. Petitions of those identifying as "Irish" are available on the Irish Portal website: [http://archives.gnb.ca/Irish/databases\\_en.html](http://archives.gnb.ca/Irish/databases_en.html).

*Note: Please request film numbers by title and date. Le Moniteur Acadien films and L'Évangéline films covering 1887-1910 and 1964 are not available for loan and can only be used at the Provincial Archives. For a list of provincial newspapers to 1996, consult New Brunswick Newspaper Directory: 1783-1996 at your local library or New Brunswick Historical Newspapers Project available online on the University of New Brunswick's website: <https://newspapers.lib.unb.ca/>. (This is also available for purchase from the Associates of the Provincial Archives ([www.archives.gnb.ca/Associates](http://www.archives.gnb.ca/Associates))).*

Researchers should consult the multi-volume publication *New Brunswick Vital Statistics from Newspapers for birth, marriage and death notices for the years from 1784 to the late 1890s*, which is also available online at: <http://archives.gnb.ca/Search/NewspaperVitalStats>.

## 11. New Brunswick Museum Vertical Files (RS184B)

The New Brunswick Museum Vertical Files contain genealogical, biographical, and historical research information for all of New Brunswick. These records have been microfilmed and are arranged alphabetically. An index is on film F11077.

## 12. Church Records

The Archives has acquired the records of various New Brunswick churches, many of which have been microfilmed, some of which have been digitized. The Archives may also have church records in their holdings which can only be used on site.

In the following section, you may find records that are simply labeled "church records." "Church records" can include almost any type of record created by the church that is not a vital record. These records may include:

- Meeting minutes for various groups
- Preaching registers
- Registers of communicants
- Registers of confirmations
- Land deeds for church/cemetery land

## 12. Church Records, continued

- Newspaper clippings
- Financial records
- Annual reports
- Church histories
- Correspondence
- Legal records
- These records may include some small notes about baptisms, marriages, or burials.

*Please note the following:*

*An asterisk (\*) after a film number indicates that the film has been digitized.*

*Some microfilm contain both open and restricted records. If a film includes any restricted records, the entire film is then considered restricted. If you are looking for a record that is open on one of these films, please contact the Provincial Archives with detailed information regarding what you're looking for.*

To consult church records that are restricted, the researcher must have the church in question email permission directly to the Provincial Archives (ArchivesNB@gnb.ca). More detail is provided under each denomination regarding exactly what materials are restricted and who should be contacted to request access to those records.

### Anglican Church Records

Restrictions on access are "rolling;" dates move one year forward each calendar year. Therefore, as of January 1, 2025:

- **Marriages** will be restricted after 1975.
- **Baptisms** will be restricted after 1975.
- **Burials** will be restricted after 2005.
- **Confirmations** will be restricted after 2005.

For any inquiries regarding accessing restricted records, please contact:

### Methodist Church Records

In 1925, the Methodist churches joined with the Wesleyan Methodists and about 70% of the Presbyterian churches to create The United Church. Many Methodist records will therefore fall under the purview of The United Church.

## 12. Church Records, continued

The United Church of Canada follows the privacy guidelines set out by each province. Therefore, United Church records held at PANB are restricted as follows:

- **Baptisms** are restricted for 95 years. Restriction is based on the date of the baptism.
- **Marriages** are restricted for 50 years.
- **Burials** are restricted for 50 years.

The United Church's national policy is that patrons **cannot copy records** from registers.

### Presbyterian Church Records

About 70% of the Presbyterian churches joined with The United Church in 1925 so many Presbyterian records would therefore fall under the purview of The United Church. ### United Church Records

*Note: The United Church was inaugurated on June 10, 1925 when the Methodist Church of Canada, the Congregational Union of Canada, and select members of the Presbyterian Church of Canada entered into a union. Researchers may wish to consult records from multiple churches.*

The United Church of Canada follows the privacy guidelines set out by each province. Therefore, United Church records held at PANB are restricted as follows:

- **Baptisms** are restricted for 95 years. Restriction is based on the date of the baptism.
- **Marriages** are restricted for 50 years.
- **Burials** are restricted for 50 years.

The United Church's national policy is that patrons **cannot copy records** from registers.
